

We've Been Booed!

If you're here to boo us, then please take note,
Another little ghost had the same exact thought.
They snuck up on us quiet as a mouse,
So please share your treats at another friend's house.
We love that you thought of us. It makes our day!
But part of the fun is helping someone else say "Hooray!"

You Have Been Booed!

Please keep the fun going by following the instructions below:

1. Make 2 copies of both the "We've Been Booed" sign and these instructions.
2. Place the original "We've Been Booed!" sign in your front window or door.
This lets your neighbors know you've already been visited by a little ghost.
3. Make two small bags filled with treats or trinkets and attach one copy of the "We've Been Booed" sign and these instructions to each bag.
4. Secretly deliver your treat to neighbors who haven't been booed yet.
5. Watch the mysterious "We've Been Booed" signs pop up throughout your neighborhood.
