

Send Holiday Wishes to Everyone on Your List!

To print out an assortment of beautiful holiday cards follow the instructions below.

1. Insert cardstock paper into your printer.
2. To print all the cards, print pages 2-11. This will result in holiday cards that are blank on the inside. If you would like to keep the cards blank inside, just add your own personalized greeting, fold, and send!
3. If you would like to add a pre-printed greeting, place the same paper back in the printer so that the blank side will be printed on.
4. Print pages 12-21. Add your personal greeting, fold, and send.
5. If you would like to print only one card, find the page number of the card you like and tell your printer to print only that one page. To add the inside text, place the same paper back in the printer so that the blank side will be printed on, find the corresponding inside text, and print only that one page.

Happy holidays from all of us at Cricket Media.

Wishing You
a Season of
Friendship
and Cheer
